Through this ministry you will not only hear Ron's recorded music, but will hear some wonderful old tunes brought back to life with live music and uplifting messages of hope and peace brought to you through testimonies and the Word.

"At Ron Jarman Ministries, our goals are simple-to carry the message of deliverance to a world that is in darkness, to bring the Word of God through song to as many people as possible, as a saving hope for the lost and a shining promise for those who know our Savior."

"I have found that God takes ordinary individuals, like myself, and endues them with EXTRA-ordinary power to do God-sized jobs they couldn't tackle alone. In my own life, He changed my direction, my hopes and my desires. He now directs my footsteps day by day; my hope and faith are built completely on the Rock. His desires are my desires. This may sound strangely foreign to the world, but, of course, it would. Jesus is not of this world and when we accept Him as Lord and Savior, neither are we."

Our ministry's vision is to serve the Lord in whatever capacity He requires, spreading His Word to a lost and dying world in concerts, special occasions, and media. God has called us to witness and witness we will, with His help. If we see needs, we will try within our power to fulfill those needs with the help of the Lord. If we see hurting, we will help ease the hurting through the power of the Lord. If we see the downtrodden, we will encourage them with the love of the Lord. If we see the lost in darkness, we will shine our God-given light and point them in the direction of the Lord with the Word of God.
